

STATE OF NEW YORK
EXECUTIVE CHAMBER
ALBANY 12224

ANDREW M. CUOMO
GOVERNOR

March 3 – 4, 2020

Dear Friends:

It is a pleasure to send greetings to everyone gathered at the Jacob Javits Center for the 2020 New York Build Expo. Welcome to the great City of New York!

New York City's thriving construction industry, with major new projects throughout the metropolitan area and continued developments in building technology and sustainable practices, promises an exciting year ahead. New York Build, as a leading construction and design expo, is an exceptional annual resource for this industry.

New York Build 2020 is the ideal opportunity for organizations and individuals to access contractors, developers, architects, suppliers, and other construction industry professionals from throughout New York State and across the nation. This is also an excellent venue to share ideas and information about the latest trends and best practices in the construction trades, through summits, presentations, workshops, and seminars.

On behalf of all New Yorkers, I commend the many professionals and participants who have worked hard to put together New York Build 2020 – an exciting expo that will further add to New York's construction boom.

With warmest regards and best wishes for a productive and enjoyable event.

Sincerely,

A handwritten signature in blue ink, reading "Andrew M. Cuomo".

ANDREW M. CUOMO
